Hi Mr. Nye,

My assistant has been out last week (and today) and I'm very behind in my emails when I don't have help scanning them. My apologies for not getting back to you sooner. I realize the board meeting is tomorrow and I'm filled with briefings today. Perhaps another day we can meet to discuss your interests.

Again my apologies for the delayed response.

Howard

Mr. Tipton, I am wondering if I can get a meeting with you prior to the BoCC board meeting next Tuesday. I would like a full hour if you can spare it, but I can get by with 30 minutes in a pinch. Please let me know if you can work me in; I will adjust my schedule accordingly. Thanks!
